

Privacy Policy

The privacy of your business data is a major priority for us. In this policy, we lay out what data we collect, how it is handled, and your rights.

1. Information We Collect and Why

* **Identity & Contact Data:** We collect your name, business name, and business email address when you register. This is necessary to provision your dedicated system and send account updates or invoices.

* **Billing Information:** Payment processing is securely offloaded to our third-party partner, Stripe. Tenet-CPM LLC does not directly store or see your credit card numbers.

2. Third-Party Infrastructure (Sub-processors)

To deliver your isolated workspace, we route relevant operational data to trusted infrastructure partners:

* **Stripe:** For secure subscription billing and tax compliance.

* **DigitalOcean:** For provisioning and hosting your single-tenant virtual server environment.

3. Data Ownership and Security

* Your data is yours. We claim no ownership over the client lists, communication logs, or records you upload to your single-tenant system.

* Data in transit between your browser and our servers is fully encrypted via HTTPS.

4. California Privacy Rights (CCPA/CPRA)

As a California-based entity, we recognize your explicit rights under state law, including the Right to Know what data is stored, the Right to Correction, and the Right to Erasure.

5. Contact Information

For any inquiries regarding data protection or to request information erasure, please contact:
Tenet-CPM LLC

1968 South Coast Highway #4878 Laguna Beach CA 9651
